

Dear parents of students in grades 7-12:

The School District of Washington will begin to implement E-Learning Days upon the 7th day missed from school due to school closure for poor road conditions/inclement weather. We are currently at a total of 4 missed days for this reason. Although we certainly hope that Mother Nature calms down, it is hard to predict how many additional days to plan for going forward. This communication is to provide you with some ability to plan in the event we get to this point and need to utilize E-Learning Days as means of an alternative method of instruction.

The schedule for grades 7-12th grade is attached for your convenience. Please communicate this schedule to your student(s). Students will log in to their 1st hour class at 8:25 and follow the rest of the schedule accordingly.

Should you have any questions, please reach out to your building principals. Obviously, we will do our best to keep everyone informed. Our hope is to see some sun and not get to the point where our E-Learning schedule is needed, but in any event, please be aware. We appreciate everyone's cooperation and take good care.

Sincerely,

A handwritten signature in black ink that reads 'Lori VanLeer'.
